

Meal Entertainment

SALARY PACKAGING means using some of your pre-tax salary to pay for benefits offered by your employer such as a car, laptop computer or meal entertainment. It's an arrangement with your employer, where you agree to forgo part of your future salary to pay for these benefits instead of receiving gross salary. This means you will pay less income tax - one of the many advantages to salary packaging with Paradigm.

Save 30% on meals and drinks by salary packaging. Reduce your income tax.
